According to the New Sales Specialist at Velcro USA Inc., VELCRO fasteners are not considered to be air tight since they are woven products. See VELCRO® Brand Loop 152, Velcro USA Inc. Product Information Guide described on accompanying Form PTO/SB08A. Velcro USA Inc. has no information on the breathability of this loop material in terms of cubic ft./min. The hook material that mates with VELCRO® Brand Loop 152 is VELCRO® Brand Hook 088. According to the New Sales Specialist at Velcro USA Inc., if these materials are attached to a substrate with an adhesive, this would negate some of the breathability.
